Terms of Reference (ToR)

1.0 Introduction

Odisha State is located in the eastern coast of India, covering an area of 1,55,707 sq. km., which constitutes 4.74 % of the geographical area of India. Physio-graphically, the state can be divided into four regions, viz., Northern Plateau, Eastern Ghats, Central Tableland & Coastal plains. Out of the total geographical area of state i.e. 1,55,707 sq.km., 61204.17 sq. km. (39.31%) is recorded as forest area. The Reserve, Protected and Unclassed forests account for 36049.25 sq.km. (58.90%), 24940.71 sq.km. (40.75%) and 214.21 sq.km. (0.35%) respectively.

Forest degradation in the state is mainly due to over exploitation of the resource to cater the requirement of gradually increasing population for agriculture & habitation, urbanization, Industrialization, mining and other anthropological activities. One of the major concern has been the excessive usage of forest resource by the forest dwellers for timber, fuelwood, fodder, non-timber forest products etc. which caused sizeable forest degradation in the state. People living in and around forests are highly dependent on forests for their livelihood.

Government of Odisha signed an agreement for financial assistance with JICA for implementation of Odisha Forestry Sector Development Project Phase-II (OFSDP-II). The project will be implemented in 50 Forest Management Units (Forest Ranges) of 12 Territorial Forest Divisions in Odisha.

The objective of OFSDP-II is to enhance forest ecosystem along with sustainable livelihood of local people by improving sustainable forest management, sustainable biodiversity conservation and community development, thereby contributing to harmonization between environmental conservation and socio-economic development in the Project area in Odisha.

The envisaged approach to achieve the overall goal in a sustained manner will include restoration of degraded forests and augmentation of forest resources through people's participation; securing sustainable forest management by improving community participation; capacity building of community organizations and other stakeholders; conservation and scientific management of the biodiversity; Promote Alternative Income Generation Activities, promotion to inter-sectoral convergence for better livelihood and improvement of income of the targeted forest dependent communities.

2.0 Background: Odisha Forestry Sector Development Project Phase-II (OFSDP-II)

Government of Odisha signed an agreement for financial assistance with JICA for implementation of Odisha Forestry Sector Development Project Phase-II (OFSDP-II) on 29.03.2017. The Project will be implemented over a period of 10 years i.e., from 2017-18 to 2026-27 in 12 Forest and 02 Wildlife Divisions (viz. Dhenkanal, Athamallik, Sambalpur, Jharsuguda, Sundargarh, Baripada, Rairangpur, Karanjia, Boudh, Ghumsur North, Ghumsur South, Subarnapur, Rajnagar (WL) and

Bamra (WL) Divisions covered under 10 districts viz. Dhenkanal, Angul, Sambalpur, Jharsuguda, Sundargarh, Mayurbhanj, Boudh, Ganjam, Subarnapur & Kendrapara. Under this project, while the 12 territorial Divisions will implement all Project Components, the two Wildlife Divisions will implement only the specified Biodiversity Component.

The project will be implemented in 50 Forest Management Units (Forest Ranges) of 12 Territorial Forest Divisions, through 1200 VSSs. The project will be implemented in 4 phases (300 VSSs in first Batch, 400 VSSs in second Batch, 350 VSSs in third Batch and 150 VSSs in fourth Batch). The number of VSS however, may vary depending upon the cluster formed in each Forest Management Unit. Implementation of the livelihood component, under the project will be through 3600 Women Self Help Groups.
